

Release Note for SmartVPN Client

Firmware Version:	4.3.4
Release Type:	Normal
Applied Operation System	Windows XP SP3, Vista 32-bit/64-bit, Windows 7 32-bit/64-bit, Windows 8, Windows 10, Windows Server 2012 R2

The Smart VPN Client is a VPN configuration utility. It makes VPN configuration easy for users. It could support the following VPN schemas, PPTP, L2TP, IPSec and DrayTek SSL Tunnel

New Features

- Allow the user to run SmartVPN Client and establish the VPN tunnel using Windows User Level Account. Note that the SmartVPN Client should be installed using Windows Admin Level Account first.

Improvement

- None.

Known Issue

- Windows XP guest level account cannot support the new feature due to the service limitation.
- "SmartVPN Client" cannot be run on one certain Windows 10 Professional Edition PC, and cannot be reproduced on others.
- SSL Tunnel with mOTP authentication cannot be established on one certain Windows 10 Professional Edition PC, and cannot be reproduced on others.
